

CAHF *Wish* LIST

When CAHF donors help to purchase new equipment at the Western College of Veterinary Medicine, everybody benefits. WCVM clinicians and researchers gain access to vital pieces of equipment that help to improve the quality of health care for their patients. Plus, veterinary students gain experience and training on the latest technologies.

Interested? Visit cahf.usask.ca and click on "Support CAHF" to view the latest pieces of equipment on the CAHF Wish List.

Questions? Please contact **Lisa Green**, WCVM's development officer (306-966-7450; lisa.green@usask.ca).

COST CATEGORY: OVER \$10,000

NAME OF ITEM: Kowa Digital Genesis-D Fundus Camera

ESTIMATED COST: \$14,000

SERVICE: Veterinary Ophthalmology

FACULTY MEMBERS: Drs. Bruce Grahn and Lynne Sandmeyer, Department of Small Animal Clinical Sciences, WCVM

USE OF EQUIPMENT: The current fundic camera (takes photos of the inside of the eye) is over 40 years old and needs to be replaced. These photos are utilized by the ophthalmologists to teach students, inform clients and monitor intraocular diseases accurately. This is essential equipment for the ophthalmology service.

ESTIMATED ONGOING COST FOR UPKEEP: None.
